

Message to Residents:

In support of public health recommendations, the Borough of National Park municipal offices will be closed to the public beginning March 16, 2020 until further notice.

Additionally, all public meetings will be postponed until further notice. Tax, water and sewer payments can be made on-line, by mail, or in the borough drop box located on Grove Avenue.

While the offices will be closed, there will be staffing available on a very limited basis. We will try to address any needs as they occur. We will continue to update you as soon as information becomes available.

Please continue to check on your elderly neighbors to ensure their safety and security via phone and call 856-845-3891 if you have any questions.

Thank you for your understanding.

Joy Gunn  
Acting Municipal Clerk/Administrator
