

Please put all leaves to the curb ON OR BEFORE the day your area is scheduled for collection. Once leaves are collected on your street, the collectors may not be able to return to pick up additional leaves. All leaves in your area must be collected at least once before the Public Works Department will return to residences that place leaves to the curb after the area's scheduled pick up date. Please be certain that leaf piles do not contain branches, stones, bricks, etc., as equipment damage will occur and cause a delay in collection. If a homeowner wants to dispose of leaves before the scheduled collection week, the leaves may be taken to the Borough Garage (Woodlawn and Grove Avenue), Monday through Friday, 7:00 am to 3:00 p.m.
